BCAA "Play Here 2017"
Willingdon Beach Playground (Powell River)

To Whom This May Concern,

Re: Funding Support – Willingdon Beach Playground (Powell River)

School District 47 (Powell River) would like to provide full support for the funding application being submitted by The City of Powell River via The Powell River Model Community.

The application for play space, specifically, the installation of playground structures at Willingdon Beach Park is much needed as the existing playground equipment which is widely used by our community has reached its life expectancy.

We understand that the play structures will be fully accessible for all ages and abilities, including those with disabilities which our community presently does not have.

The School District promotes recreational opportunities which is important in the development of all children, allowing them to be social while being physically active. The application being submitted by The City of Powell River via The Powell River Model Community has the School District support and we are hopeful that their funding application be supported.

Yours truly,

A handwritten signature in black ink, appearing to read "Don Fairbairn", with a long horizontal flourish extending to the right.

Mr. Don Fairbairn
Director of Instruction
School District 47 (Powell River)
