November 30, 2020

Dear PIE Parents/Guardians, Students, and Staff,

Unfortunately, we have been made aware from a member of our school community that they have tested positive for COVID-19 while away from the school setting.

Please be assured that we have worked with our local health authority to determine if there was any risk to other members of our school community or if any additional steps were required. We will continue to follow the health authority's guidance.

The local health authority has connected directly with any individuals who may have been exposed with further instructions. It has been determined that school personnel, students and parents are at low risk. If the health authority contacts you, please follow their advice carefully.

If you have symptoms, please stay home and follow the guidance from the BC Centre for Disease Control regarding [if you are sick](#).

We ask for your patience, and we will communicate out additional information as it becomes available.

The safety and well-being of our students, families and staff remains our highest priority.

Please be reassured that our school will continue to implement the strict protocols and procedures we have in place so that children can continue to attend school as safely as possible.

For further information, please visit the Vancouver Coastal Health [website](#).

Yours truly,

Dr. Jay Yule
Superintendent
Board of Education
School District 47 (Powell River)
